

## INTRODUCTION

The aim of this program is to introduce the participants to different facets of actual trading and investment. The participants are taught different types of trading strategies, as well as a concrete build-up of positions. They will become familiar with the notions of Relative Value trading, technical trading, fundamental trading, options trading. During the program, participants will develop a concrete knowledge of how markets work. Since a big part of each session will be done using live market data, they will practically

## **PROGRAMME DETAILS**
